| 2 | 8 | 6 | 10 | 1 | 8 | 3 | 9 |

## Directions:

1. Both partners spin the spinner. Highest number goes first.
2. Spin the spinner. Put an $X$ or $O$ on the number that makes 10. (For example, if you spin a 7 , you will mark out a 3 because 7+3=10.)
3. Try to get 4 in a row horizontally, vertically, or diagonally before your partner!
